TODO List of tasks for the wiki

1. Write a basic guide for the new animation system
2. Rewrite all animation guides to match the new animation system (only after Orx 1.8 is released)
3. Remove old international pages (glean any useful information from them first)
4. Remove old reference pages and move the content into examples
5. Audit all config sections (and templates) to ensure ranges are added where required.
6. Working with config from code tutorial required - loading from a list, getting values, writing values etc
